

Statement re Closure

Dear Parent/Carers

It is with deep regret and sadness that I have to write this, but due to government advice, I will be closing club from 6pm on Friday 20th March 2020.

This is not a decision I have made lightly or without thought, research and advice, myself and Jenni have been working tirelessly to ensure that we can provide everyone with the most up to date and conclusive information possible.

We are working with The Gates School to provide wrap around care for key worker families, however this will be for children of The Gates school only, please contact us if you would require care.

We have been made aware of local providers staying open having spoken to both Ofsted and the department of education after finding this out we have been told in no uncertain terms that we HAVE to close, it is not an option and that we are advised to report the providers staying open.

I am sorry that it has taken so long to contact you all but I wanted to be sure I was making the right decision.

Any balances that our in advance they will be carried forward up to when we reopen, anyone with balances outstanding please could parents bring them up to date where possible.

Thank you all for your amazing support and we will miss you all greatly.

Kind Regards

Nicola & all the staff at Parachute
